*Community Source Watersheds: Each community's drinking water watershed was mapped at a scale of 1:250,000. Information from Satellite imagery, 1:250,000 and 1:50,000 scale topographic data and the National Scale Frameworks Hydrology - Drainage Network data (1:1,000,000 scale) were used to create this new dataset.					<small>If you have any questions, or would like more information please contact:          Erin Kelly, Manager, Watershed Programs and Partnerships          Land &amp; Water Division, Environment and Natural Resources          Government of the Northwest Territories          P.O. Box 1320, Yellowknife, NT X1A 2L9          Phone: 867-920-3258 Fax: 867-873-4229 Email: erin_kelly@gov.nt.ca</small>
					<small>This Map was produced by the NWT Centre for Geomatics, is not a legal description and is meant for visualization purposes only.          NWTG Project ID: MXD-211 April 24, 2013.</small>
				<small>Note - For the map extents there were no Developments and Activities to be displayed as of June, 2011.</small>
